REAL ESTATE DEAL. Wilford Property Sold-To Become Site of Poultry Industry.

One of the most desirable pieces of property in Milford has been acquired by John E, and W. J. Holloway, brothers, who have purchased the old Howe place located at Gulf street and New Haven avenue, and which for years was the site of the Elimwood achool.

The property is to be converted into a big poultry plant and in a month it is planned to have a 300-foot chicken house constructed. It is the intention of the brothers to provide for 10,000 chickens next spring. Natural advantages of the place combine to make it an ideal location for peultry keeping. There is a stream running through it and a large duck pond.

The place was originally settled in 2539 and for many years the Elmwood school conducted by Charles Howe, was a landmark.

In the Holloway family, beside the parents, there are three brothers, the third being an experienced accountant who is located in New York city. The two brothers live with their parents on Rogers avenue and did a good The property is to be converted in

ents on Rogers avenue and did a good sized business in old stamps before becoming interested in poultry raising as a profitable industry.—Bridgeport

A vacation is not a vested right, according to Justice Goff's decision denying the application of a charities department employe for a mandamus compelling the commissioner to grant him two weeks leave with pay. The suit is interesting as showing how the suit is interesting as showing how the vacation habit has grown to a point where the distinction between privilege and right has become so confused as to occasion such an appeal to the law.—N. Y. Herald.

WESTERLY'S PUBLIC LIBRARY

Completes a Busy Year—Total Circulation 57,562—Plans for Labor Day Observance-Auto Accidents-Reception for Missionary from China - Saturday's Ball Games,

Joseph L. Peacock, librarian of the Westerly public library, made a comprehensive and interesting report of the library work for the past year at the annual meeting of the trustees of the Memorial and Library association held Saturday evening in the trustees' room of the Memorial building. Mr. Peacock reported that the total circulation of books for the year was 57, 562 an average of 1.030 a week. Divided into classes the circulation was: General works 1.984, religious 455, philosophical 293, sociology 892, phi

historical 1,083, fiction 42,047.

The largest weekly circulation was in the week ending February 26, when 1,315 books were taken out. The smallest number taken out was in the week ending December 25, the number being 603. The total circulation increase for the year was 5,879, an average of 12 1-3 per cent. The total number of books added to the library during the vear is 2,504, of which 643 are fiction and 1,861 non-fiction. During the last two years, and since Mr. Peacock has been librarian, more books have been added to the library than it contained when first opened to the contained when first opened to the

Lew Fields, in asking for a bill of particulars, wants to know "What is rubbleh?" There's quite a lot of it in some of the Broadway shows.—N. Y.

American.

Contained when first opened to the public in 1904.

The gifts to the library were larger than any other year, 308 books, 800 pamphlets and paper covered books and 116 maps, etc. The total number of books mended was 4,196 and the total number withdrawn was 1,620, most of these being replaced. The total number of books in the library is 25,562 which does not include the government. 25,662, which does not include the gov-ernment works placed there as a re-

ernment works placed there as a repositary library. Since the registration of a year ago, 2.237 persons have been enrolled as patrons of the library. The reference department of the public library has been greatly improved for the public convesience and many books of reference have been added, including 66 volumes of national biography dictionary, 15 volumes of American biography dictionary, 29 volumes of the International Encyclopedia, 12 volumes of Jewish Encyclopedia, and many others that total over pedia, and many others, that total over

600 books of reference.

The reading room is supplied with nearly all the magazines and periodicals and daily and weekly newspapers, besides many periodicals of references Books are loaned through the library exchange system, which shows that the library is recognized as a factor of education in surrounding towns. By arrangement with the board of health every precaution is taken to prevent the spread of disease the attending obysicians in contagious disease cases being requested to destroy the library books found on the premises, and cir-culation is suspended in the section affected.

A juvenile department has been es-tablished and will soon be in opera-tion. The large conference room has been fitted with shelves, tables and chairs and supplied with books adaptchairs and supplied with books adapted for juveniles and special attention will be given to this new department of library work. Miss Alice Kennedy will have charge of this department, who is well equipped for the position by reason of her library experience and also as a teacher in the primary department of the public schools. It was considered more beneficial to the work to supply Miss Kennedy's place at the desk, than to put some one lacking in library experience in charge of the tuvenile department.

of the juvenile department.
Mr. Peacock referred to the congest-FOR SALE.

Two seven-toom cottages, situated in different parts of the compact part of Westerly, R. L. each having 56 foot street front and both having vacant land adjoining that can be secured at reasonable prices if a purchaser desires. Both having heat, electric Mehre, modern plumbing. Inspection indied.

Mr. Peacock referred to the congested ed condition of the stack rooms and the necessity for increasing accommodations to meet the demands. He praised the innitor and his assistant for the cleanly condition and good order of the building and their uniform courtesy to all visitors. He acknowledged the great assistance rendered him by his predecessor. Ethan Wilcox, librarian emeritus, and gave an outlibrarian emeritus, and gave an out-line of the benefits derived from at-tendance at the annual meeting of the American Library association. Mr Peacock made several recommenda tiator Woolens. Custom Made Suits tions as to the farther improvement of the library work, which will given consideration by the board

JUSTIN HOLDEN, Prop. aug26d | Dr. Rosa W. Falmborg, missionary at

Some of the labor organizations of Westerly will parade on Labor day. The procession will be composed of a platoon of police, the Westerly, the square and move over this line of march: Countermarch to High street, then to Grove avenue, to Granite then to Grove avenue, to Granite street, to Broad street, to Stone Cut-ters' hall in Main street, where the parade will be dismissed.

Michael Gallivan of Norwich was the man with the goods on the Vose grounds in Westerly, Saturday after-noon, when he was on the mound twirl-ing for White Rock, and allowed the Wakefield visitors to make only three scattered hits, and struck out ten kais-men. Pitcher Smith of Wakefield, was not so had as he allowed only six men. Pitcher Smith of Wakefield, was not so bad, as he allowed only six hits and struck out half as many as did Gallivan. It was, as the score indicates, a very close game, with the result of 2 to 0 in favor of White Rock. The score:

Mystic won from Stonington in a hard hitting game at Stonington, there being two home runs, a three base hit and three two base hits during the game. In the sixth inning McKay, who was doing good work with poor support, was taken from the pitcher's bux and Burns substituted. As the sccre shows it was one of those hit and run prettily decorated and a dainty lunch games that delight the unprejudiced specttors, but which is as discouraging to the fans of the losing team as it is

hilbrious to the winners. The score: Stonington. ryer,ss 3 Sullivan. Ib 4 Wells, cf. 3 Totala. 30 8 27 10

Burdick outpitched Peloguin in the Carolina-Westerly game at Wakefield, and Westerly was defeated by a score of 8 to 4, the Wakefield youngster holding the Westerlys down to six hits Burdick struck out twelve, presented no passes and was given excellent sal

It Means Business. Some of the expert observers of trade conditions detect a letting up in the demand for automobiles. Whether this

is the result of having reached the limit or not, does not appear. It may be that the outflow of capital is being turned towards the aeroplane. How-ever that may be, it is a fact that while automobiles of the pleasure and convenience kind are pienty enough on our streets there is a steady in-crease in the substitution of power trucks and delivery wagons for the horse drawn vehicles of that class. So much more of goods of any sort in bulk can be moved and so much more quickly by the motor that its advan-tages are forcing it into use and the increase is plainly visible. That means business.—Bridgeport Standard. A Mark of Refinement

the complexion and is a soap

duty, it is a pleasant duty to use

A Practically Perfect Preparation.

Years of experience have enabled Mr. Fletcher to make Castoria a practically perfect preparation. These years of labor: the amount of money required to introduce its merits to the public: the investment in its manufacture, including the most modern machinery, mean a vast amount of invested capital. It follows that the greatest care is exercised in the selection of each ingredient, and the greatest attention is paid to every detail of its preparation. The result: The practically perfect preparation in the finished product; Fletcher's Castoria.

Herein lies the guarantee of the absolute safety in the use of Fletcher's Castoria for the baby, and the warning against irresponsible makers of imitations and counterfeits. The signature of Chas. H. Fletcher that is printed in black on the wrapper and red on the bottle is the mother's safeguard.

Castoria is a harmless substitute for Castor Oil, Pare-

goric, Drops and Soothing Syrups. It is Pleasant: It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep.
